HAPPY HOLIDAYS! -- WJH CLOSED FOR HOLIDAY BREAK

As evidenced by the lone talk we have to publish today, this will be the last issue of Connection for the Fall 2019 semester. We will resume publication in January, 2020. Please feel free to send us any talks, workshops, or other items you’d like us to publish while we are on hiatus, and we will publish them at the start of the Spring semester. WJH will be closed for the holiday break. The building will be open until 12:30 PM on Tuesday, Dec. 24th (Christmas Eve) and will remain closed until Thursday, January 2nd. Entry to the building will be by authorized ID card access only. The security guards are not authorized to let anyone into the building who lacks electronic access. If you are expecting a visitor, please plan to meet your guest at the front door. Please be wary of people trying to illegally enter the building by “piggybacking” on your card tap. There will be no mail delivery during this time. HVAC will be on a reduced schedule, and temperatures kept to a minimum (enough to prevent equipment freeze-ups). Please help us conserve energy by turning off your computers and all other electronic devices before you leave! More detailed information about what to expect during the break will be emailed to all WJH occupants before we shut down. We wish you all a very happy and healthy holiday season, and the very best for the new year ahead. See you in 2020!

FIRE SAFETY EQUIPMENT TESTING (SPRINKLER SYSTEM) THIS WEEK

The Harvard Fire Group will be conducting its semiannual test of the building’s sprinkler system on Wednesday and Thursday, December 18-19, from 7 AM to 3:30 PM. Note: Horns and strobes will only be activated between 7 AM and 9 AM. Only the very early risers among you should be affected.
